Schedule B: Production Specifications

1. FILE FORMATS

- 1.1 Each document shall be provided with all of its attachments with family relationships indicated using the BegBatesAttach and EndBatesAttach metadata fields described in 4.1 below. Delivery should be via secure file transfer to the following email addresses: travis.england@ag.ny.gov.
- 1.2 All documents shall be produced by custodian.
- 1.3 All documents shall be produced in standard single-page Group IV TIFF format (or, with respect to documents containing responsive information that is only coherently viewable in color, JPG format), except that the following shall be produced in native format:
 - (a) any audio, audiovisual, video, and any other file that is unreadable or has limited accessibility in the Group IV TIFF format;
 - (b) Microsoft Excel files and other spreadsheets; and
 - (c) Powerpoint files.
- 1.4 The parties shall meet and confer in good faith to determine a reasonable manner for producing the relevant information to the extent a response to discovery requires production of information contained in a database or any other format not reasonably producible in TIFF or native format.
- 1.5 Documents produced in TIFF format shall be produced with Bates numbers stamped on each page. Bates numbers shall be of constant length, be sequential across a document and its attachments, be unique across the entire production, and contain no special characters except dashes.
- 1.6 Any native files that are produced shall also be produced with a one-page Bates-numbered TIFF image slip-sheet stating "Document has been produced in native format."
- 1.7 The responding party will make reasonable efforts to ensure that documents produced in TIFF format are readable. For good cause, the requesting party may request that documents originally produced in TIFF format be re-produced in native format, which request shall not unreasonably be denied. The requesting party shall identify documents for re-production by Bates number and provide an explanation of the need for native files.
- 1.8 The responding party will make reasonable efforts to process fully all documents for production. For any documents not fully processed, the responding party shall produce a TIFF image with the reason the document was not processed.
- 1.9 A Concordance-compatible load file and image load file (i.e., DAT and OPT load files) shall be included with each production.

- 1.10 Any redactions applied to documents shall contain text indicating the basis for redaction (e.g., “Privileged”).

2. **EXTRACTED TEXT**

- 2.1 For each document, the responding party shall provide a text file containing the text extracted directly from the native electronic version of that document, unless the document was redacted, is an image file, is a scanned hardcopy document, or is in another format from which text cannot be reasonably extracted. In these instances, provide a text file created using optical character recognition (OCR) to the extent reasonably practicable.
- 2.2 The text file name containing the extracted or OCR text should be named with the BegBates number of the document.

3. **DEDUPLICATION**

- 3.1 A document is an exact duplicate of another document only if it and all its family members have the same MD5 or SHA-1 hash values as the other document and its family members.
- 3.2 If a document and its exact duplicates are associated with the same custodian, the responding party shall withhold the exact duplicates from production.
- 3.3 If a document and its exact duplicates are associated with different custodians, the responding party shall withhold the exact duplicates from production and provide a metadata field for the produced document indicating the custodians for whom duplicates were withheld.

4. **METADATA**

- 4.1 For each document, the responding party shall provide the metadata specified below, to the extent they can reasonably be extracted or otherwise provided, in a delimited text file.

2. If an objection is made to any part of an interrogatory, the response shall state that there is an objection to the interrogatory and the legal and factual basis for such objection.
3. No part of an interrogatory shall be left unanswered merely because an objection is made to another part of the interrogatory.
4. If any interrogatory demands an answer that any Defendant claims may be withheld due to privilege, work product or any other privilege or immunity from disclosure, Defendants shall answer any portion of the interrogatory that is not subject to such a claim, and shall indicate with specificity and particularity the basis of said withholding, including:
 - a. the identity of the person(s) having knowledge of the information;
 - b. the identity of all persons to whom the information was communicated or otherwise made available;

can be ascertained without undue burden; and (b) state with particularity the basis for such objection, including a description of the process or method required to obtain the response to the interrogatory and the estimated cost and time required to obtain the response to the interrogatory.

6. If Defendants cannot answer any interrogatory in full after exercising due diligence to secure the information to do so, please so state and answer the interrogatory to the extent possible, explaining any inability to answer the remainder of any such interrogatory and stating all information or knowledge presently available to Defendants concerning the unanswered portion of said interrogatory.
7. Unless otherwise indicated, the relevant time period for purposes of these Interrogatories is between May 1, 2020, until the present.
8. In addition to following the rules of construction in Rule 26.3(d) of the Local Civil Rules, whenever necessary to bring within the scope of the interrogatory responses that might be otherwise construed outside to be outside their scope, construe:
 - a. the use of the singular form of any word as including the plural and vice versa;
 - b. the use of a verb in any tense as the use of that verb in all other tenses; and
 - c. the use of the feminine, masculine, or neuter genders as including all genders.
9. The Interrogatories are continuing in nature. In accordance with Rule 26(e) of the Federal Rules of Civil Procedure, Defendants are required promptly to serve supplementary responses and produce additional documents if Defendants obtain further or different information.
